### Homelessness Expert Oracle Group BCP

This group is looking for 2 types of experts in homelessness. Firstly those who have had experience in dealing with homelessness and secondly those who have actually experienced homelessness

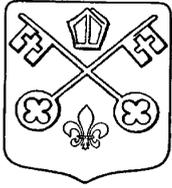

The vision of the Homelessness and Rough Sleep Strategy 2021-2025 is to end homelessness in Bournemouth, Christchurch and Poole by ensuring everyone has a safe place to live that they can call home. Partners across the BCP area have committed to working together to ensure homelessness is ended across the conurbation. The strategy identifies that there is a need for collaborative working and there is an emphasis on the need for significant input and insight from people with lived experience of all forms of homelessness, the true experts regarding its impact.

The Oracle Group BCP will consist of a two pronged approach:-

**Focus Groups/Targeted Work** – These would be one off meetings held within individual organisations initially that discuss a single subject in more depth. They are ideal for reviewing policies or proposed major changes across BCP or can be used for a targeted piece of work linked to any of the Homelessness Reduction Board Action Groups. These groups can be influenced more by professionals to achieve outcomes and Lived Experience Leads within organisations will work together to achieve this.

**Community Meetings** - These will be held at a central location and will be less formal. A lot of people decline offers of 'meetings' but an informal social approach can enable more people to participate. The hope is that these meetings over time will be co-facilitated by professionals and people with lived experience and will provide them with a safe space to share their views and experiences.

Citygate Church has been secured as the location for the next 6 months for the community meetings and the first meeting has been scheduled for the **16<sup>th</sup> August 2021, 12.30pm until 2pm**. There will be refreshments available for anyone who attends.
